

Schickhybriden

Beitrag von „matteo2g“ vom 12. September 2011, 16:36

oh yes Ernst!

I had to work a lot that day, and I had to put the pots inside because it was too hot on the balcony. No, not for the plants, for me!!

Here you see the most of the blooms I had that day (sorry for the low quality picture). They are all of them Schick hybrids, so it is not OT 😊

Massimo, continua pure perchè le tue foto sono proprio belle.. cosa tiri fuori dal cilindro ora??

Massimo.. please continue uploading your pictures, they are really nice!

greetings

Matteo
