

AH 32 x Gossamer

Beitrag von „Enrico“ vom 13. September 2011, 17:16

Hi Matteo,

The word is not a invention or conception coming from the AG Echinopsis-Hybriden, it is a definition in the biology. Therefore the word Klon is still existing, in use and correct.

In the AG it was the word Klon-Nummer that made a lot of confusion. So this word is not anylonger in use in the AG, today we use only the word Nummer.

Greetings👋 Erich
