

AN.2012.0056 (AN 0802/20 Dessau x Fl. Saucer) x Cantora gelb

Beitrag von „morgan“ vom 22. Mai 2021, 21:51

Had some beautiful hybrids from mentioned cross of Axel Neumann. Sharing the best two (the only ones so far with "broken colors")

I labelled these (for my own collection) as Th 75-2019 & Th 76-2019

75-2019 is the more purple, 76-2019 is the more red patterned flower. Diameter is around 16-17cm.
