Hello!

I am quite sure that you mean 'Gräasers Erfolg'. Just because you write a name in a different language the name still has to stay the same as it is!

'Gräasers Erfolg' x SB means that it is a crossing between 'Gräasers Erfolg' as mother and unknown pollen from nature. As far as I know 'Gräasers Erfolg' does not make a fruit when you separate the plant in a safe place.

I have tried a few times to pollen 'Gräasers Erfolg' with 'Gräasers Erfolg' and it did not bring a fruit.

Bye,

Walter
