

Graser Erfolg

Beitrag von „Stachelbär“ vom 17. Februar 2024, 18:59

Hello!

For all who have access to the Hybridenjournal you can read all informations from the breeder of the hybrid Gräasers Erfolg x SB in the HJ 2/2007.

In short: The breeder has rised the plant from seed with the only information that the mother was Gräasers Erfolg. Because of its flower the plant was multiplied during the jears with the original label Gräasers Erfolg x SB.

Bye,

Walter
