

Neue Chamaecereushybriden 2012

Beitrag von „matteo2g“ vom 16. Mai 2012, 13:29

Hi Ernst,

I would keep both:

1) I would replace El Gigante with this "Bigger Gigante"

2) use the yellow one for further crosses, hoping to reproduce the interesting star shape, and it is also interesting alone for size and shape

many greetings,

Matteo
