

Own hybrid I call "Stella-Maria"

Beitrag von „morgan“ vom 14. Februar 2014, 15:33

Thank you Muddyliz, yes you are right about this it also crossed my mind to try acheiving this midstripe. Maybe L winteriana is a goid candidate!

This hybrid is from one of these crosses:

BS.05.1301

BS.05.1305

BS.05.1324

BS.05.1353

Morgan
