

Echinocereen

Beitrag von „matteo2g“ vom 24. April 2011, 16:57

hallo Reiner! tolle blüten!

the MEX 906-1 Lightning doesn't look like the picture in Muegge's gallery.. is that your first bloom from that plant? I have it but didn't bloom so far.

here you are a couple of Echinocereus of mine:

- Ctenoides aus Plapp
- Rote blüte aus Wessner

Grüss!

Matteo
