Das ist eine gute Idee, die Kreuzungen zu präsentieren. Aber das macht bestimmt mehr Arbeit als jeweils zwei Blütenfotos?

Schöne Kreuzungen!

Well done Matteo! More beautiful crossings 😊

I will receive your seeds soon, from the 2022-2 journal, I can't wait!

Your crosses will be in the next newspaper or can I ask you for them?

In any case, very good idea for the photos, I love it!

Arrivederci!

Questa è una buona idea per mostrare le intersezioni. Ma questo è sicuramente più lavoro che scattare due foto di fiori a testa?

Thank you! Well it's not that much extra work: I select 2 pictures from the gallery and use the Create collage function of the gallery app on my smartphone, then click on modify and add the cross code 😊

thank you Maxime! Yes these crosses of mine will be in the next journal, and some of them are now only available in AG seeds distribution (#15,17,22,50,80,100,115). Let me know if you are interested in more seeds 😊

Hi Matteo,

I've found my way here and of course you're already here with your amazing crosses!

I think I may be the only Australian here lol.

Cheers,

Grant Nicholson
