Thank you very much, thanks for your friendly.

I'm male. I live in Hebei Province, it is close from Beijing.

Hello Qi Yanwei,

welcome to this forum. I'm sure, you'll have much joy here.

Do you know Tong ZhiWei? He also lives in the Hebei Province, and I sent him seeds of Lobivia- and Echinopsis-crossings. Unfortunately, the first shipment took more than one month to be delivered, and for the second shipment, I don't have a feedback of arrival till today.

So enjoy the communication here, it is much faster than the postal way. 😊
