Hello

Here are some plants from this cross, they are sent to my friend's place with these AN.2015.26 one year ago too.

Mother :Cantora Gelb

Father: Cantora Orange

Züchter: Reinhard Liske

2nd one represented her beauty. 16cm flower, now she has new flower buds. At the day she bloomed, there is Altena bloomed too, so a cross Altena × RL.2014.1434 is done.
